

Welcome to Diamond Key Lodge

It is our sincere wish that you have an enjoyable and relaxing stay. If there is anything that we can do to help, please don't hesitate to ask.

Since buying the camp, we have made some significant renovations; we hope you enjoy them. If you have any other suggestions, please let us know.

Please check the fridge; we have a "welcome gift" while your supplies get cold.

Drinking Water & Septic

Our water is from a drilled well with a chlorinator; you can drink from any tap.

We are on a Septic System that accepts toilet paper only.

Feel free to explore the property:

The main lodge.

The games room.

The fishing hut.

The communal B.B.Q.

The hiking trail.

At the Camp store in the Main Lodge:

We sell pop, chocolate bars, worms and ice.

We sell a selection of key items and fishing licenses.

We loan you digital cameras & weigh scales.

We loan additional life jackets and safety kits.

We provide fishing maps & advice.

Wi-Fi and Cell Phones and Computer.

Generally, most cell phones work pretty well, but you may have to find a high point of rock.
For the wi-fi password, please ask us at the lodge; you may also use the computer inside.

Communal B.B.Q.

It runs on propane and burns very hot.

Please stay with your food - or it will burn; please remember turn off after use.

Kayaks & Paddle boat.

Please enjoy the paddle boat - it is free.

If you wish to rent a Kayak, please see Dave.

Ask about our FishMaster and Best Photo contests.

Fishmaster contest is only for catch/release fish; photo required.

Best Photo contest can be a picture of any Northern experience; nature, sunsets, family, friends ...

Upload your photos in the Lodge; Dave can help you load from your camera.

Extra Services

We will be happy to provide shore lunch-kits and help clean your catch.

Please keep away from any bears or snakes (not kidding)!

They may be cute, but they are not cuddly.

If you see a bear or snake, please notify us.

Cabin Rules - Always Need Rules

The cabins are a smoke free zone; coffee cans for butts are on your deck.

We encourage young children to wear life jackets at all times.

Please take advantage of the recycling bin.

Please do not leave any garbage outside as it attracts bears.

Have a great stay, relax and have fun. If there is anything we can do, just holler!

Cheers.

David, Peter and Karen.
